mill was not in operation, the machinery  
not yet having been installed. The loss  
is estimated at \$2,000, without  
insurance. How the fire originated  
is not known, and the supposition is  
that it was caused by a spark from a  
passing engine.

**MRS. HOWL TAKEN BACK  
TO BUENA VISTA HOME**

Justice Whitaker Turns Her Over to  
Relative When Improvement  
Is Shown.

(Special to The Times-Dispatch.)  
Lynchburg, Va., October 28.—Mrs.  
Roxie Howl, who had been confined in  
the city jail for several days, having  
been removed there from the Home  
and Retreat, where the condition of  
her mind was believed to be a menace  
to herself as well as to other patients  
in the hospital, was yesterday after-  
noon turned over to a relative, who im-  
mediately took her back to her home  
at Buena Vista.

F. W. Whitaker, the justice who  
would have summoned a commission  
of lunacy to inquire into the woman's  
mind, had her condition showed no  
improvement, concluded Sunday that  
she was rational, and that the best  
solution of the matter was to deliver  
her to relatives who would care for  
her.

Yesterday Mrs. Howl complained  
not feeling well while she was being  
seen by Mr. Whitaker, and upon being  
questioned said she was hungry. This  
brought City Sergeant Tyree to the  
front, and he told her that if she  
wanted something to eat, all she would  
have to do would be to indicate what  
she desired.

Sergeant Tyree thus got this order  
from a woman who claimed to be ill:  
Fried chicken, tenderloin beefsteak,  
fish, rolls and coffee.

GANG OF TRAMPS  
KILLED BRAKEMAN

Evidence Indicates That Johnson  
Was Victim of Foul  
Play.

(Special to The Times-Dispatch.)  
Charlottesville, Va., October 28.—

That brakeman Ernest L. Johnson, of  
the Washington division of the Ches-  
apeake and Ohio Railway, was a vic-  
tim of foul play and was not ac-  
cidentally killed by a southbound  
Southern Railway passenger train at  
Manassas at an early hour Saturday  
morning, is the belief of railway offi-  
cials and fellow-employees. The evi-  
dence gathered indicates that he was  
assaulted by a gang of tramps and  
placed upon the track. The fireman  
of the Southern passenger train that  
trampled Johnson was lying upon the  
track and struggling hard to re-  
gain his feet when he was struck by  
the engine. The blow from the en-  
gine broke the brakeman's left arm  
and knocked him less than three feet  
from the track. An investigation re-  
vealed a bad wound in the right tem-  
ple, which was evidently inflicted by  
the tramps. The crew of southbound  
freight No. 41, and the operator at  
Manassas saw Johnson fifteen minutes  
before he was found dead. When dis-  
covered his two lamps were sitting  
erect by his side, with their tops out  
and both lights extinguished.

The members of Monticello Lodge,  
No. 209, Brotherhood of Railway Train-  
men, this city, have employed a  
detective, and the matter will be thor-  
oughly investigated.

The funeral of the dead brakeman  
took place at 2 o'clock yesterday af-  
ternoon in Staunton, the services be-  
ing in charge of Monticello Lodge,  
No. 209, Brotherhood of Railway Train-  
men, and the interment was made in  
the Thorpe Cemetery. The Ches-  
apeake and Ohio Company furnished a  
special train to convey any employees  
who desired to attend the services  
from this city to Staunton.

Fredericksburg's inhabitants of the  
Colonial days.

William Cash, of Spotsylvania County,  
was here Saturday, and, notwithstanding  
his infirmities, he is very active and  
interested in the political situation and  
other current affairs. Mr. Cash is a  
Confederate.

COMMITS SUICIDE  
BY TAKING POISON

Charlottesville Contractor, in Fit  
of Despondency, Ends  
His Life.

(Special to The Times-Dispatch.)  
Charlottesville, Va., October 28.—In

a fit of despondency, Harry W. Brand,  
aged forty years, a contractor, com-  
mitted suicide this afternoon in a  
down town poolroom by drinking an  
ounce of carbolic acid. Before tak-  
ing the poison he wrote a brief note  
to his wife and children, saying that  
he was going away and praying for  
God's mercy upon his soul. He was  
a son of the late William Brand and  
married Miss Julia Jackson, of War-  
renton, who survives with two daugh-  
ters, Misses Cora and Norma. The  
former teaches school at Somerset. He  
also leaves one brother—E. J. Brand,  
of "Wisper" and three sisters—Mrs.  
P. W. Lovins of Charlottesville, Mrs.  
P. Ketcham, of Winston-Salem, and  
Mrs. Roy M. Carter, of Charlottesville.

Brand was having the time of her life  
at a negro festival in North Third  
Street. Draped in a stunning pink  
gown, the property of Mrs. Einstein,  
she had won the hearts of numerous  
dusky suitors and the envy of the  
white women. She had been called  
to an abrupt halt when the police ar-  
rived.

Brand at first vowed she had taken  
nothing, but later took the others  
to her home in Brown Street, where  
other dresses, the necklace and pearls  
were found.

She still wore Mrs. Einstein's pink  
fringe when she was taken to the  
First Police Station. She was made  
to doff the stolen finery before she  
was locked up in a cell and Captain  
McMahon provided her with a ragged  
gingham dress so she might appear  
without embarrassment in Police  
Court this morning.

Brand was charged her with grand  
larceny was sworn out by Mr. Ein-  
stein.

Brand was working perfectly and the

One tower is 600 feet above the hill  
where its base rests, and that is 200  
feet above the river. The other mes-  
sage towers are 450 feet.

At the base of the tower are the  
sound proof work rooms, quarters for  
operators and barracks for the marines  
who will guard the towers. Within  
a year the towers are expected to be  
talking with the Philippines by relay  
through Guam and the station will at-  
tempt communication with the power-  
ful station at Clifden, Ireland, the near-

the outcome.

The Cabinet has decided that the cir-

King, addressing the ministers, de-  
clared, however, that the existing  
grave situation would impose upon  
Romania the duty of arriving at im-  
mediate decisions.

The King's speech is interpreted as  
indicating that in the event of Tur-  
key's defeat Romania would im-  
mediately be called upon to re-distrib-  
ute Turkish dominions.

his last victory. Hamilton was followed  
into the State Fair grounds, where the

a Cadillac. Hamilton, driving a

the distance of 511 miles was 39 hours

RICH HAUL MADE  
ON SHORT NOTICE

Domestic Worked Two Hours  
and Carried Off Much  
Stolen Property.

After being at work for barely two  
hours as a domestic, having just been  
employed, Lillie Overton, colored, last  
Saturday disappeared from the home  
of Mrs. J. S. Einstein, 7 West Main  
Street. Shortly afterwards Mrs. Ein-  
stein missed a pearl necklace, a gold  
chain, silk and satin evening gowns  
and numerous other articles of cloth-  
ing, valued at several hundred dol-  
lars. She hurriedly telephoned her  
husband, who is manager of the Vic-  
tor Moving-Picture Theatre, and he  
reported the theft to Captain of De-  
tectives McMahon.

The missing servant was not located  
until last night, when she was found  
by Captain McMahon, Sergeant Zim-  
merman, Patrolman McNamara and  
Einstein, who had joined in the  
search.
